Purpose

2

Composting is nature's way of recycling. It provides a positive economic and environmental benefit by reducing yard waste in our streets and food waste in the landfill turning organic materials into rich soil amendments. Compost adds nutrients to our yards and gardens and helps control weeds and retain soil moisture.

Rebate Details & Eligibility

- 3
- Rebates are for residents, businesses, or schools within city limits that purchase up to two backyard compost bins or vermicompost bins.
 - The rebate is for the purchase price or \$100, whichever is less. Limit \$200 per applicant per two years. The applicant may purchase two of the same type of bin.
 - Composting worms (e.g., red wigglers) to add to a vermicompost bin are eligible for an additional \$50 rebate.
 - Maximum rebate \$250 for two bins and composting worms.
 - Purchases must be made **between July 1, 2025, and June 30, 2026.**
 - Applications must be received within 90 days of purchase and during the same fiscal year. All rebates are first-come, first-serve. Fund availability is not guaranteed. Visit www.cityofwoodland.org/rebates or call (530) 661-2063 for fund availability.
 - The City does not endorse any brands or guarantee the effectiveness of any product.
 - Bins/composter must be installed before a rebate will be given. Worms must be pictured added to vermicompost bin.**
 - Applicant agrees to use the bin(s) or composter to help reduce food waste and eliminate green waste in the streets.
 - Bins and composters are subject to random inspection by the City of Woodland.
 - Applicant allows the City of Woodland to reference this project and use photographs in outreach materials
